

# Communication Now and Then - Year 2 - Autumn

## Important Questions

- 1 How do we communicate today?
- 2 How did the early civilisations communicate?
- 3 How did the invention of the printing press change the way people communicate?
- 4 How were messages able to be sent quickly over large distances?
- 5 What are phones used for today?

## Key Knowledge

The Ancient Egyptians created the first writing system.

The printing press was invented by William Caxton in 1479.

The invention of the telegraph meant that messages could be sent quickly over a long distance.

Alexander Graham Bell invented the telephone (see BBC Class Clips)

The internet has completely changed the way that we access and share information.
